not

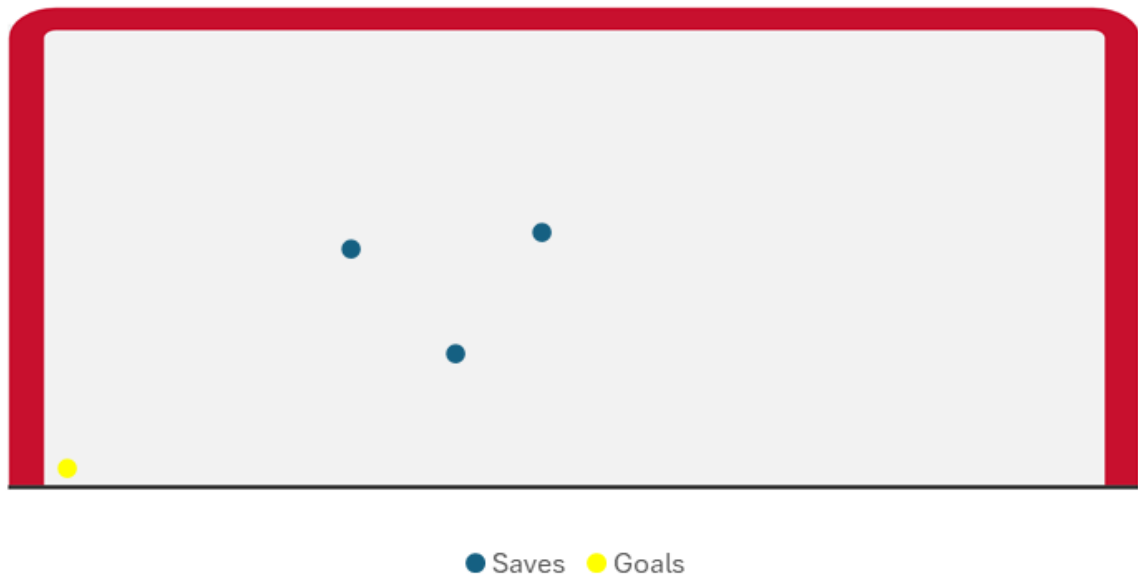

Delaware generated 18 shots with a calculated expected goal (xG) of 2.50, not including penalties. This indicates that the offense was slightly less efficient than anticipated when rounding the nearest whole number as Delaware scored one goal that was not a PK. Delaware had two high-quality shots with an xG of 0.3 or above, both of them being saved.

Defensive Shooting

Mount St. Mary's, took most of their shots when head on with the goal, only two that were shot on the wings. Their lone goal occurred on the right side of the net, and the team had two other shots taken in similar positions (which both ended in misses). All of Mount St. Mary's shots on goal occurred in the second half.

Mount St. Mary's Shot on Goal

Mount St. Mary's had four shots on goal, mostly targeting the middle of the net. The only shot that was not in the middle was their lone goal, which was in the bottom left corner of the net.

Mount St. Mary's Expected Goals				
Shots	Distance To Goal	Angle To Goal	shot_outcome	xG
1	25.4	14.3	Off target	0.038
2	17.4	22.4	Off target	0.11
